## PLEURO-PNEUMONIA.

WASHINGTON, Dec. 27.—Chairman Hatch of the House Committee on Agriculture has received from Commissioner Coleman a reply to the resolution offered a few days ago by Representative Swinburn of New York, in which the Commissioner sets forth comprehensively the difficulties in the attempt to extirpate or control the pleuro-pneumonia scourge in the present state of the law and with the machinery at hand, and reinforces his recommendations previously made for more heroic methods with additional arguments and statements of facts. He shows that from November 30th to December 16th, 2,271 animals were slaughtered, of which 1,031 were found to be affected. Three hundred and thirty-two small herds, numbering in all 1051 animals, were placed in quarantine in Chicago and vicinity from October 13th to November 30th, the greater part of which were quarantined because of exposure to affected cattle on the various commons about the city.

NEW THEATER FOR SAN FRANCISCO.—Notwithstanding the numerous playhouses already erected and in operation, San Francisco is soon to have an addition in the shape of a large and handsome structure, which will be devoted exclusively to performances of a character unlike anything which is given right along at any of the leading theaters. Messrs Walter & Roberts, the managers of the Wigwam concert garden, have for some time past been considering the advisability of erecting a theater of their own and giving a class of entertainments entirely new, not only to this coast, but to the United States. The result of their deliberations was the lease, for a long term of years, of the lot fronting 100 feet by a depth of 137½ feet on the south side of O'Farrell street, between Stockton and Powell, directly opposite to where stands the Alcazar building and theater, and on next Friday will be laid the corner stone of the new building, which will cover the entire lot. The Orpheum will be completed in time to formally open on or about April 15th, and negotiations are now pending between the management and Sigmond Resener, of Buda Pest, Hungary, to bring out his orchestra of thirty artists. It is the intention of the managers to devote the Orpheum to the production of the musical, spectacular and specialties at popular prices.

A MONSTER CHRISTMAS DINNER.—Speaking of big dinners, the bill of fare for the Christmas dinner at the National Home for Disabled Volunteer Soldiers at Dayton, Ohio, affords some interesting figures. It was as follows: oyster soup 700 gallons, roast turkey 3,200 pounds, giblet dressing 80 gallons, mashed potatoes 54 bushels, cranberry sauce 7 barrels, celery 200 dozen, lima beans 300 pounds, pickles 30 gallons, bread 1,000 pounds, crackers 200 pounds, butter 250 pounds, cheese 300 pounds, 1,200 mince pies, coffee 100 gallons, oranges 450 dozen.

What is said of the Drama "On the Rio Grande?"

The Price-Lamb-Jordan Company, which will appear at the Nevada Theater on Friday evening, January 7th, recently played a successful engagement at the Bush-street Theater, San Francisco. Music and Drama, a well known dramatic journal, had this to say of the company and the play: "Though not sanguine of the future of the stage, from the way things look at present, there is some hope for it while three such admirable actors as Mark Price, M. Jordan and Edward Lamb appear in the same company and as their own managers. They are now playing at the Bush-street Theater, and while our critical columns have been given to their plays the Music and Drama, as the dramatic journal of the West, lends its editorial columns to them and wishes them success through the interior, whither it is their intention to journey at the conclusion of their San Francisco engagement. It is not often that we meet with three such accomplished gentlemen—quiet in demeanor and scholarly in their stage work. The literary crown belongs to Mr. Price; the soul of tragedy can be seen in the eyes of Mr. Jordan; while in the mirth-holes of Ed Lamb's face can be seen the merry maid, Thalia.

Their opening play, "On the Rio Grande," though dealing with the South, contains nothing to wound the feelings of the most patriotic Northerner. It appeals to humanity, as does their latest play, "The Van Dykes," and for the sake of the man who wrote them both (Mark Price) we hope they will prove as successful elsewhere as they have here. The three gentlemen have set an example which might be followed to advantage by other actors, and that is, to become their own managers. The day is coming when they will have to do it, for the state of the profession is such, even at the present time, that actors will soon have a difficulty to find food and shelter. Whenever any money is made the manager takes the lion's share of it, and whenever any is lost it comes out of the actor. Thus it will be seen that the success of these three actors will encourage others to do what they have done, and simply because they are three good fellows, as the saying is, they will short attention to do their service."

**Lake Times Climate.**—The Enterprise Times met Captain Todman, the Chief Sea Admiral of Lake Tahoe, Monday, in Carson. His steamer makes her regular trips around the lake every day, carrying mails and express, and occasionally a passenger tourist or so happens along to see the general revenue. Captain Todman says the weather at the lake is just as mild and pleasant as it is at Carson; very little snow there, comparatively speaking, but plenty of chance for more. The peach trees are not in blossom as yet, and the tree toads do not crow from the upper limbs, but winter has a briefer limit, and already people are looking forward to Spring and Summer festivities. The trout are biting voraciously.

**A Copper Wire Line.**—The Western Union Telegraph Company is putting up a copper wire line from San Francisco to Omaha. The wire is now strung over the Sierra Nevada and as far east as Lovelocks, and 40,000 pounds of wire arrived in Winnemucca Monday. Copper wire is said to be better than the ordinary galvanized wire where duplex instruments are used.

**GATHERING IN.**—Says the Enterprise: Only a few legislative members and attaches are beginning to gather in at Carson as yet, but they will toward the end of the week, as the session will commence on Monday. The caucus of members, for the choice of attaches, etc., will probably be held on Saturday or Sunday. It certainly is to be hoped that they will exercise good judgment in their choice.

**CHRISTMAS PRESENTS.**—The Bulletin says: The Nevada Bank, Anglo-Nevada Assurance Corporation and the Nevada Dock Company gave their employees one-half a month's salary as a Christmas present. The employees of the Bank of California, the Anglo-Californian Bank and the London, Paris and American Bank also received substantial reminders of Christmas.

thus relieves its pent-up feelings. It is the same old cry, but it won't work. It says: There will be another attempt made to annex part of Washoe county to Ormsby during the coming Legislature. It would have succeeded several years ago had it not been for certain Reno magnates. At the time referred to there was not a property owner between Carson City and Franktown who was not in favor of the bill, and now more than ever the necessity of the change is recognized by every sensible man in that part of Washoe county. Let the affair be properly managed and no fear need be entertained as to the result.

**SHIPPING WHEAT TO PARADISE.**—The Winnemucca Silver State of Tuesday says: Yesterday one of the Paradise Valley Company's teams was loaded with 18,000 pounds of wheat at N. Levy & Co's warehouse for Pierce's mill, in Paradise Valley, and some 42,000 pounds more is in the warehouse to be shipped to the same place. Ordinarily it would be like shipping coals to Newcastle to ship wheat to Paradise Valley, but this year it is an exception to the rule. A year ago a thousand tons of wheat was brought here from the valley and shipped by rail to Port Costa, California.

**Business Moves.**—There will be several changes by our business firms about the first of February, in the way of moving. Wm. Pinniger and R. Herz will move into the store now occupied by Isaac Barnett, who will retire from business, and S. J. Hodgkinson will take the store vacated by Pinniger and Herz. Nasby will vacate the room he is in, but as yet has not decided where he will move to. Coffin & Larcombe will open their grocery and vegetable stand one door north of J. L. McFarlin's blacksmith shop.

**Who Owns the Stock?**—The Virginia Chronicle says: Among the assets of the Frankels, left in the office safe, was 15,000 shares of stock in Con. Oil & Gas, Ophir, Best & Belmont, Petos and other leading Comstock mines, for which the experts have not yet succeeded in locating the ownership. Why the firm should have left valuable property of that description, convertible into cash, if it had been sold, and to see the counterfeits & worthless paper which local lawyers are endeavoring to peddle.

**The U. S. Building.**—Mr. Ryland, Superintendent of the U. S. Building in Carson, says that folks must not be in too great a hurry in judging the slow progress made in the building. That it will most certainly be erected he says there is no doubt, and perhaps before winter is ended a large force of men will be employed setting out rock and in other work. So says the Carson Tribune.

**Dr. Stomieski.** the former lecturer of the European Museum of Anatomy, has located in Reno for the practice of medicine and surgery. His office is on Virginia street, near the bridge. It has been completed with great care in order to insure its being strictly correct, and furnishes a vast fund of valuable information regarding the topography of the State. There never has been a Map of the State prepared heretofore worthy of the name, and it is intended to fill a long-felt want on the part of citizens. It has been lithographed at large expense by the famous publishing house of Rand, McNally & Co., of Chicago, and does great credit to their well-known skill in the art. The Map is drawn on a scale of 12 miles to the inch, and shows all surveyed Townships up to date of issue, also all Mountain Ranges, Valleys, Rivers, Creeks, Brooks, Streams and Lakes; it also shows the correct position of all Indian and Military Reservations, and all Cities, Towns and Settlements; also all Railroads and the principal Wagon Roads. The County Boundaries are also depicted with absolute correctness, which is something that no other Map has even approximated to.

The Map is printed on the best of paper, and mounted with stick, top and bottom, with tape on edges and varnished; it is also printed on thin, strong paper, which folds up in stout covers for pocket form. The Counties are printed with different colors, making it altogether an ornament to any school house, office, saloon or private room, as well as valuable for instruction and reference.

The Map has been compiled by John W. Parker, the Chief Draughtsman of the United States Surveyor-General's Office at Reno, who holds the copyright, and is the condensation of all information on file in that office, as well as the celebrated War Department Maps prepared by Lieutenant Wheeler; he has also had at his command other recent and reliable data on which to rely, and the Map is issued to the public in the firm belief that it is in every way authentic.

The Price of the Map is \$5.00,

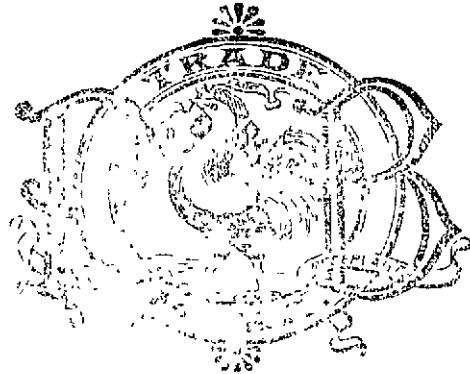

And copies will be sent to any address, postpaid, upon receipt of the money. Parties ordering will be careful to state which style is desired—mounted or pocket form.
